Bernie,
Glad I met you (another Brandeis Jew). Hope you've had as much fun this year as I have. Those movies of his. Tapping your tennis (ha-ha) Fred Schmeiss and many summers, I'll have much fun and yes and me. See Bernie, I'm really glad I got to meet you this year, even though you're probably a bad influence on me. If you cheated you'll have a great summer, and I hope to see you next year.

Love,
Dee (Dee Brown)

Bernie,

Nice tail. Homo. Heh man, you wanna

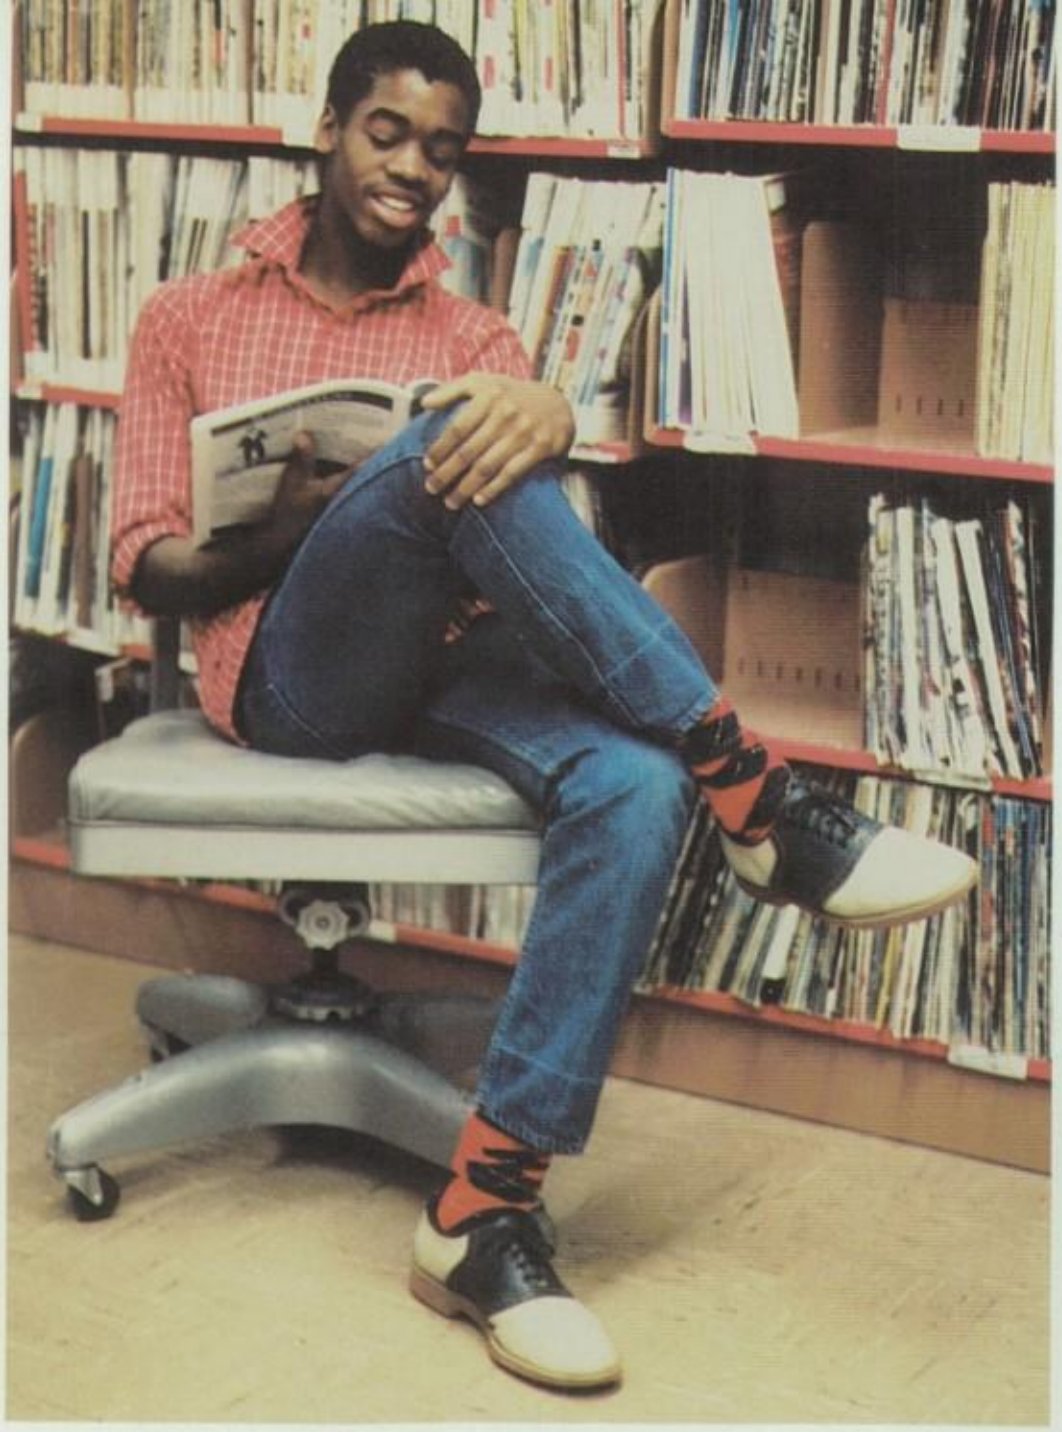
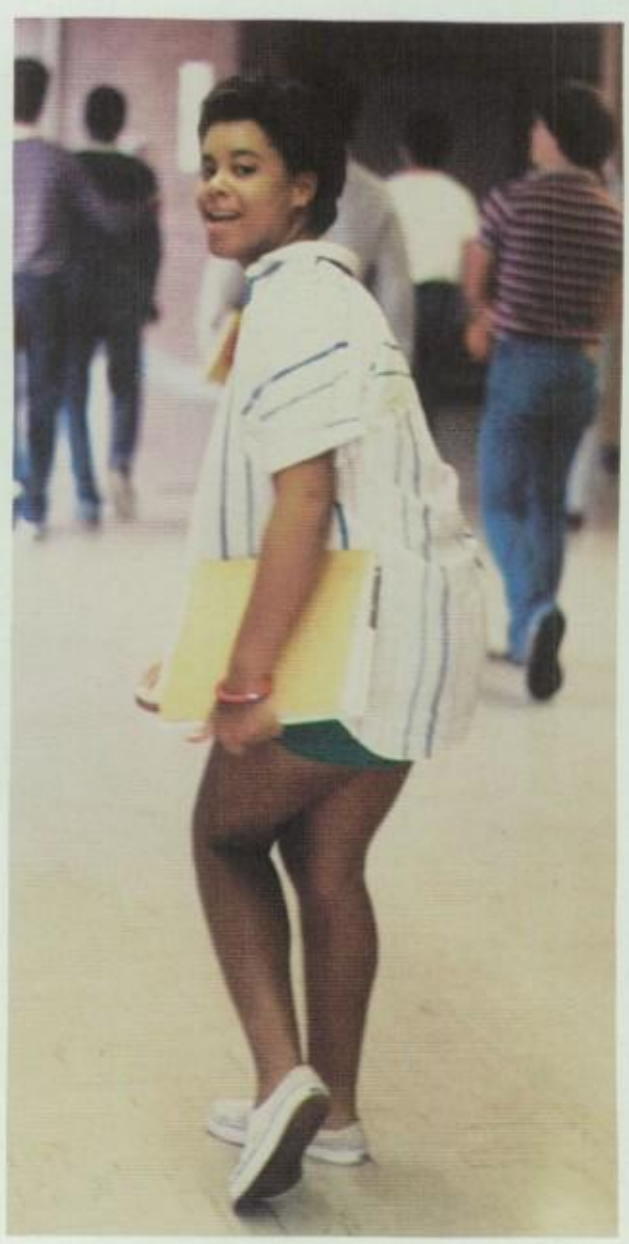
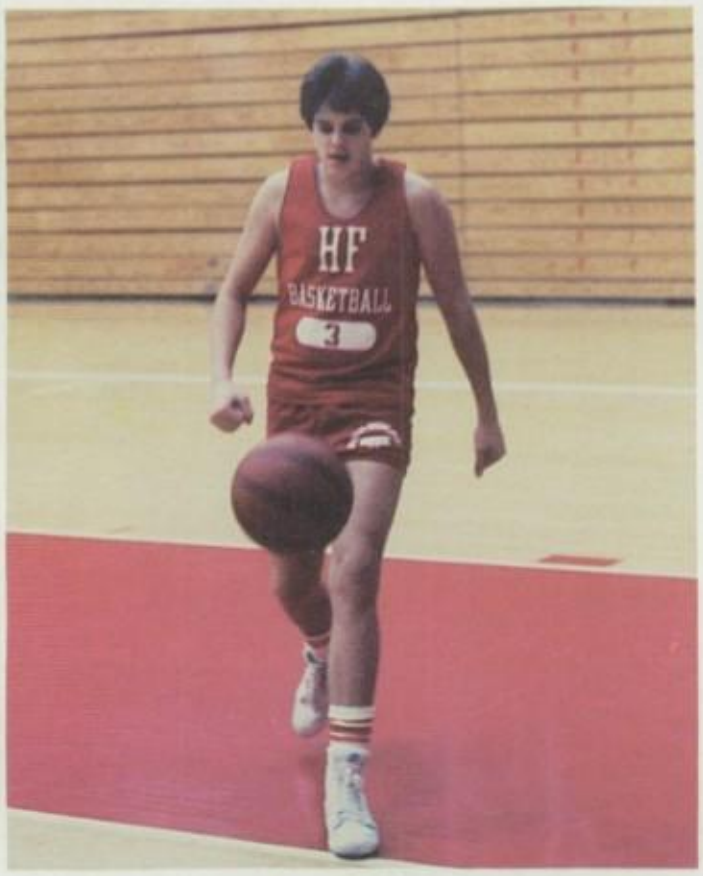
EXCELLENCE
IN
EDUCATION
1982-83

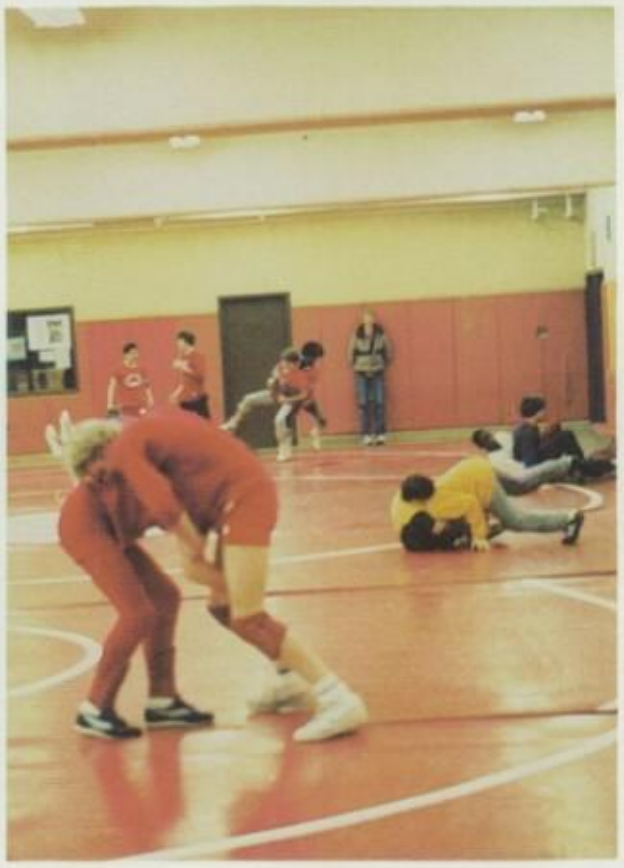


Fashion

From skirts and dress pants to ripped sweat shirts and fatigues, H-F fashion has come a long way. In 1959, the first H-F students came dressed in the appropriate attire. Girls wore skirts and blouses with well groomed hair and a minimal amount of make-up and jewelry. Slacks, shorts, and short skirts were not allowed. Required for boys were: sensible, conventional hair cuts; tucked-in shirts; "correctly worn" belts; and absolutely no blue jeans. Since the early dress code, students have gained the freedom to wear what they want ... within reason, of course!





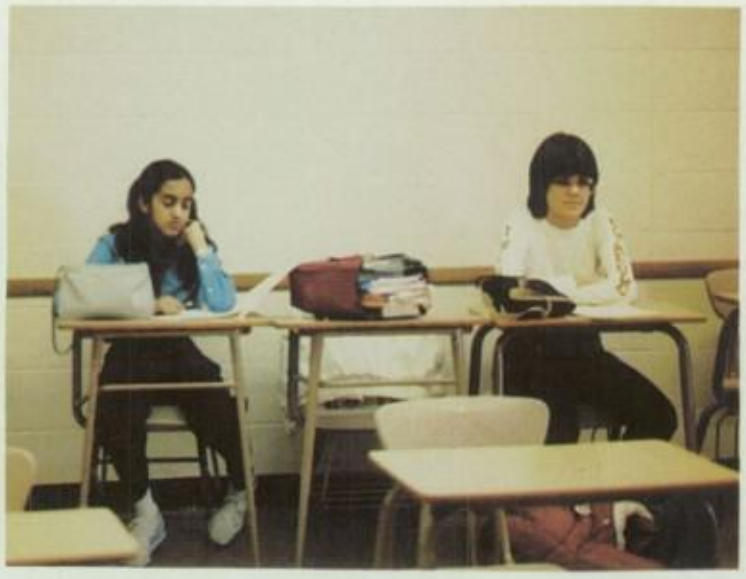


Sports

Among the extensive sports and intramural teams, there's something for everyone at H-F. Originally, there were eight boys' sports, a cheerleading squad, and a Girls' Athletics Association. Girls' sports didn't begin until 1972. In addition, H-F has a variety of intramural sports. Since H-F's opening, a swimming pool, field house, gymnastics room, weightlifting room, and the Mall Building have been added to meet the growing needs of the sports program.

Academics

The original ninety H-F seniors were required to take four years of English, social studies, and PE. Two years of math and science, a year of the Humanities, and seven units of their choice were also required. Classes were offered on four levels: honors, advanced, intermediate, and beginner. Each class was fifty-five minutes in length, and students were advised to spend one to three hours on homework. As the student body grew, so did H-F's academic program. Presently, there are close to three hundred classes offered. H-F's variety in programs, facilities, and opportunities is a major reason why it was recognized by President Reagan as one of 144 outstanding schools. The National Commission For Excellence In Education was impressed that H-F students "learn by doing." The evaluators also commented on the variety of teaching strategies, and the positive school environment. H-F has certainly achieved its original goal - the raising of educational standards.



Activities

Extracurricular activities are an important part of any school and have always been encouraged by H-F. In its first year, H-F offered nineteen activities not including sports; today, there are nearly seventy. A wide range of service, interest, and hobby related clubs are offered. For qualifying seniors, work programs are offered. The program gives students a chance to learn and work in the field of their interest. A variety of professional clubs are also offered. H-F has an outstanding speech and drama department in which many students participate both on and off the stage. In addition, H-F has an extensive music program including bands, choirs, and an orchestra which tour Europe. Other notable activities include WHFH, the student-run radio station, and the Voyager, the school newspaper.

Social Life

A major part of a high school's social events are its dances. H-F has a Homecoming and Turnabout dance with weekly activities and also a prom for juniors and seniors. In earlier years, casual dances were held at the Varsity Inn after basketball games. Although there are no more casual dances, football and basketball games are still a place where students meet. In addition, the student government sponsors gym jams and rockfests. Special events such as change-of-pace day and the senior picnic and talent show give students an additional chance to socialize. Even without special events and dances, high school is a place to make friends and have fun, and H-F has the people and the opportunities for both.

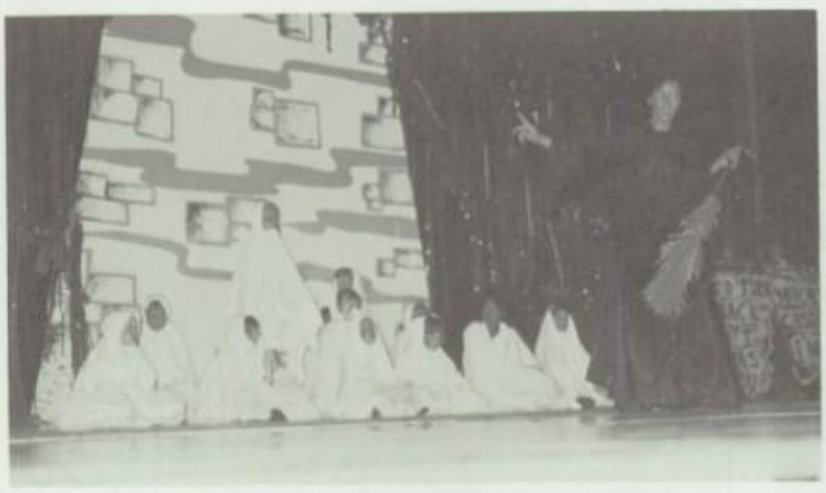
Summer Play

The Wizard Of Oz

The journey into the wonderful world of Oz delighted summer audiences with the H-F theatre production of the *Wizard of Oz*. Among the memorable characters were the munchkins, witches, flying monkies, and large supporting cast who helped Dorothy find her way home. The loveable trio of Scarecrow, Tinman, and Lion provided the zest and companionship to offset the Wicked Witch's evil intentions. Over 40 students (kindergarten through graduating seniors) in the program helped to create the costumes, props, and ten complete sets which followed the colors of the rainbow. Extensive audience involvement, slides, flying equipment, explosions and outstanding dance performances made the *Wizard of Oz* an exciting treat.



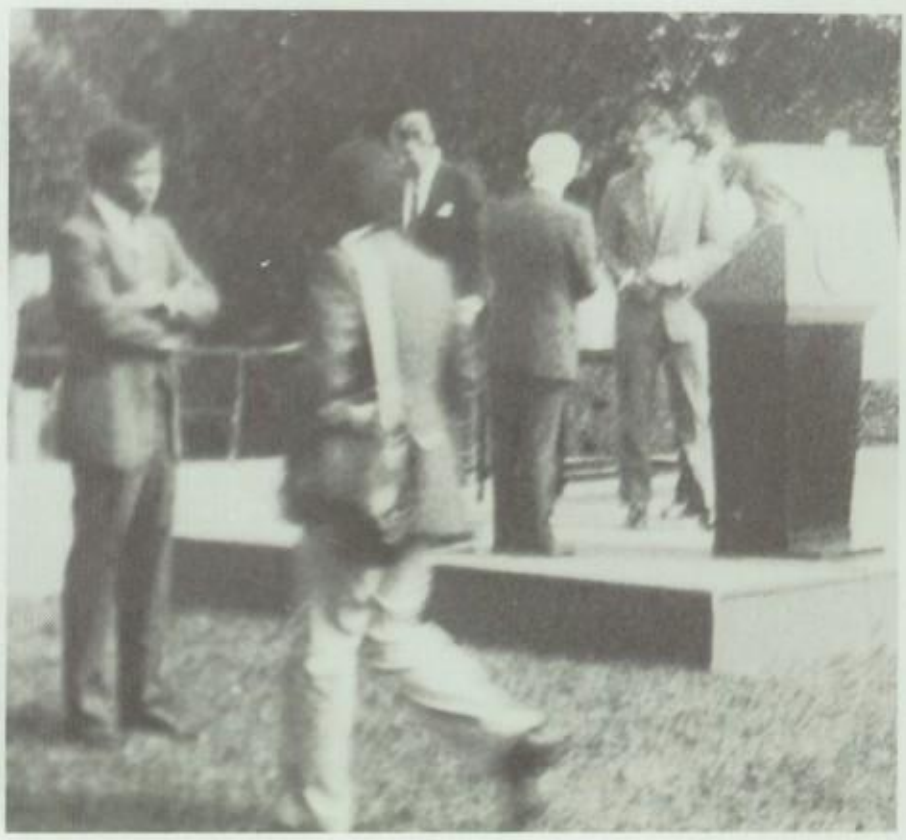
Fall Play

Witness For The Prosecution

Witness For The Prosecution stunned H-F audiences with the multiple twist ending in the Agatha Christie mystery classic. Leonard Vole, accused of murdering Emily French, fools the English court system. His wife, Romaine, appears as a witness against him. The husband and wife succeed in getting a not-guilty vote. As expected, the Christie story continues with a surprise for Leonard and his wife. Fourty-seven students in the cast and sixty students on crews fulfilled a momentous task - creating a vivid portrait of English law and a suspenseful evening of theater for H-F theater goers.

Flag Presentation

On September 28, 1983, Mr. Rachford and Mrs. Cerone were presented a flag for H-F's excellence in education. President Reagan gave a speech on the South Lawn of the White House and then Secretary Bell presented Mr. Rachford with the flag. The flag, which now hangs in the Superintendent's office, is brought out at special occasions. It was seen during the Homecoming game during half-time, and at the various assemblies.



Children's Play

Rumpelstiltskin

Rumpelstiltskin wishes to fill the hearts of men full of greed so they will destroy each other and he alone will remain. In order to accomplish this he needs a King's baby for his magical pot. Looking over the Earth, he discovers a Miller's daughter who is to marry the son of the King when she spins straw into gold. This she cannot do. Rumpelstiltskin offers to perform the task for her if she will give him her first child. When the child is born, and Rumpelstiltskin appears to claim it, she bargains with him to guess his name to keep the child. When, at the last moment she confronts him with it, he flies away into a fit of rage.

Homecoming

This year for homecoming, H-F was "Puttin' on the Ritz." Students dressed for festivities in their favorite hats, clash outfits, and formal attire. Lunch time activities included everything from a whistling contest to the limbo. Weekday activities ended with an assembly at which the special 25th anniversary logo and an "Excellence in Education" flag were presented. H-F's first "Clash of the Vikings" was held at the Homecoming Carnival on Saturday. The seniors proved to be superior and remained in high spirits despite the football team's defeat to Oak Lawn. To top off the week, there was a dance Saturday night with music provided by "Private Eye."

Excellence Is Honored

On February 17, Dr. Terrell Bell, U.S. Secretary of Education, Senator Percy, and other state representatives visited Homewood-Flossmoor High School to present an award of excellence as given by the National Commission of Excellence in Education. Students, staff, parents, and nearby residents showed much school spirit and enthusiasm. Patriotic music and inspiring speeches by student leaders added to the overall feeling of pride for ourselves, our school, and the award we received.

"Take My Heart" was the theme of this year's Turnabout Dance held on February 4. Turnabout gives girls a chance to ask boys to the dance for a change. Weekday activities included Cupid Day, Turnabout Day, Beach Day, and Toga Day. Students dressed according to the theme of the day. Also included in the Turnabout Activities was the traditional Battle of the Bands. The winner, The Wave, was decided at the Turnabout assembly on Friday. George Bova was crowned 1984 Turnabout King. Class Representatives included Don Ziol, Mark Watson, Nick Kroseher, and Eric Carpenter. Not only was Turnabout 1984 a successful event, but it was a fun time for all involved.

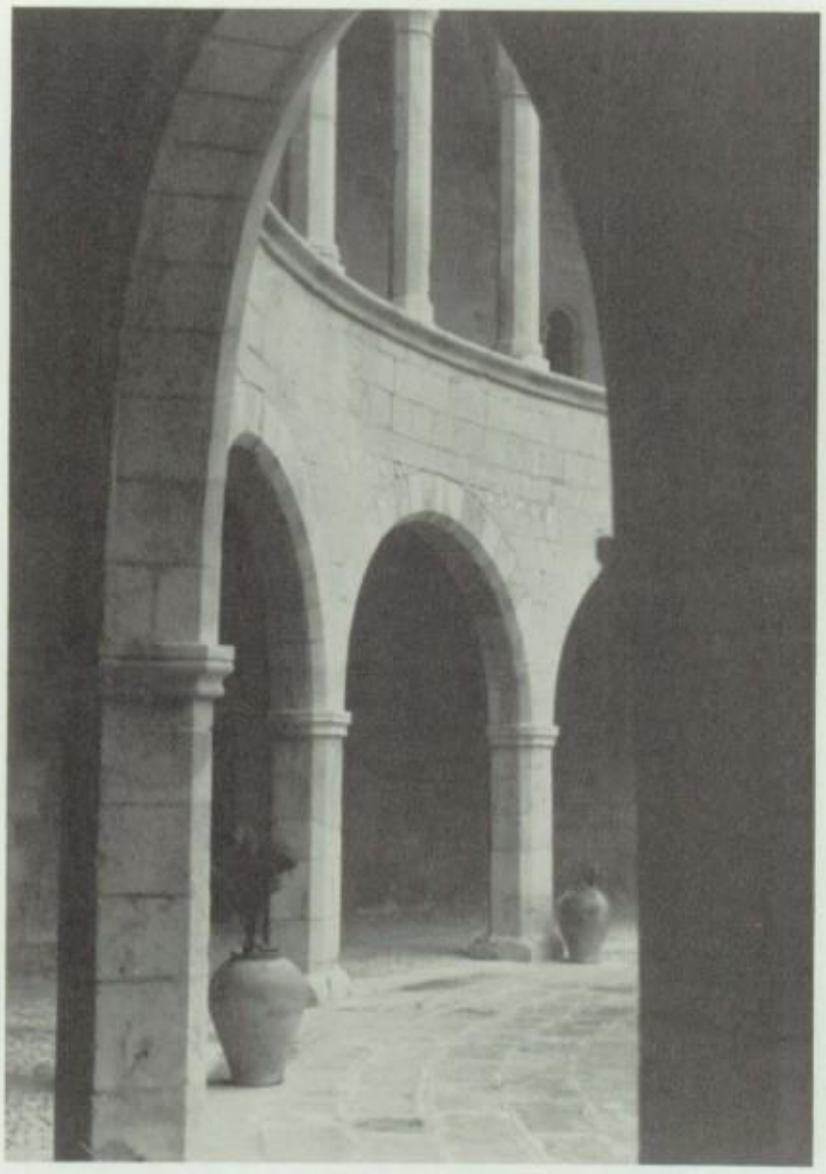
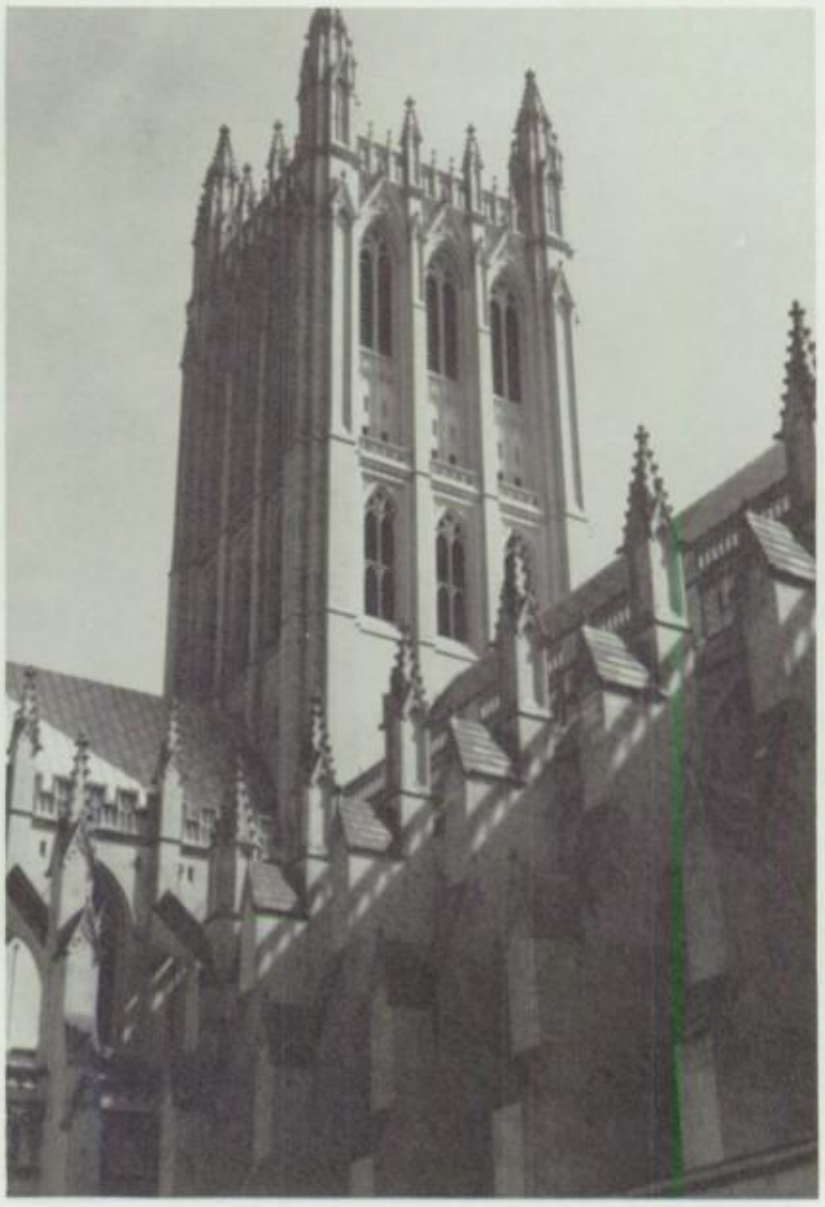
Foreign Language Students Tour France And Spain

On March 23, 1984, 41 students of French and Spanish and 5 staff members (Ms. Gard, Director of Instruction - Mathematics and Foreign Languages; Mrs. Regalado, Mrs. Charnin, Mr. Ferreira, and Mrs. Marron) departed for France and Spain. They spent 4 days in Paris with side trips to Reims and Versailles, 2 days in Barcelona with a side trip to Montserrat, and 3 days in Mallorca with an excursion to the Caves of Drach and the Majorica Pearl factory. The trip (including the food!) was fantastique/fantastico!



Washington Trip

About 200 juniors enjoyed the annual trip to Washington D.C. Among the sights they saw were the Lincoln Memorial, the Capital Building, the FBI Headquarters, the Library of Congress, and Ford's Theater. Both the teachers and students agreed that the trip was memorable and worth while. The food was endless, not to mention delicious and the hotels were filled with laughter.



Symphonic Band . .

Over spring break, the Symphonic Band visited Germany, Switzerland, Lichtenstein, and Austria. Among the sights seen were the Olympic ski jump in Innsbruck, the scenes of the Sound of Music in Salzburg, and the famous Rhine River. Skiing in the Alps was a dream come true for many band members. Wienerschnitzel, bratwurst, apple strudel, gulosh, swiss cheese, and swiss chocolate were among the delicacies consumed each day. The Europeans responded enthusiastically to the concerts with foot stomping and clapping in unison. Every concert was followed by an encore. The house came down in Bad Soden, Germany, with both Germans and Americans dancing together as the Jazz Band played. Tears filled many eyes during the last concert in Austria and on the day of departure. The trip was a cultural experience full of memories which will never be forgotten. Auf Weidersehen, Europe!

Eastern College Trip

This year, thirteen HF juniors headed for New England during Spring break to explore the Eastern colleges. Students visited Harvard, Tufts, MIT, Boston University, and Amherst. The tour was not complete without visiting the campus stores. At Dartmouth, Yale and Princeton, students experienced college life while staying in the dormitories. The students left with a better perspective and understanding of college search techniques and campus life.

Bernard,

I haven't known you for that long, but I still think your a super sweet person. & I still think you should ~~get~~ Let me trim the tail because it is getting slightly long & I promise I won't cut it off. Well anyway I'm really super duper glad I met you this year and I hope we become closer in the future. & maybe we can even go to the beach in the day sometime! (when the water & the air are warm) I know I whined alot when you guys dragged me downtown but I really did have a great time! Now all I have to change a little is your taste in music. I don't like blues & you don't like blues so I do not see why you insist on going to blues-fest. Anyway I think you are a real considerate and super super sweet guy so don't ever change yourself or your hair!

Love Ya Lots

Bernie,
Seeing as though a lot
of the kids have really
made a lot of great comments
in your yearbook, I won't add
to the list. However, I agree
with a lot of them - It's been a
super year; and I know you've
enjoyed studying! I hope you
pass SSS. Somebody's

if they don't. No more
comments about
